ONGOING ACTIVITIES

The following is an update concerning the activities of the Receiver and his professionals with regard to claims processing:

- 30,490 claims were received through both the prior claims process and the Court-approved claims process as of July 18, 2013. Of these claims, 18,229 are SIB CD or other SIB investor claims; 1,949 are non-CD claims; 9,817 are duplicates of claims already submitted; and 495 are late claims that were served upon the Receiver after the Court-approved Bar Date expired. As a result, there are 20,178 non-duplicative, timely claims.
- Reconciliation activities regarding 18,269 of the claims (excluding duplicates and late claims) have been completed.
- 388 of the non-duplicative, timely claims are deficient due to a lack of required information on the claimants' claim forms. Gilardi and, in some necessary instances, Baker Botts have contacted the claimants who submitted those claims whether through the dissemination of formal Notices of Deficiency or through more informal means of communication to obtain the missing information. Further reconciliation activities concerning such claims cannot proceed without the required information.
- The remaining 1,521 claims are being manually reconciled by Gilardi and Stanford Staff and, in limited and necessary instances, FTI or Baker Botts.
- The mailing of Notices of Determination regarding CD claims commenced in January 2013 and will continue on a rolling basis until completed. As of July 18th, 14,126 Notices of Determination have been disseminated.
- The Receiver has received 1,543 objections to his Notices of Determination. Of these, 676 have been fully resolved (including, *inter alia*, 338 Amended Notices of Determination that have been sent), and only 1 objection has been filed with the Court. The Receiver expects that the vast majority of the unresolved objections will be resolved in the near future through continuing negotiations with the objectors or their counsel.
- The Court's Order approving the Receiver's interim distribution plan requires the Receiver to disseminate certification notices concerning collateral-source recoveries to investor CD claimants. [See Doc. 1877 at 8.] The Receiver has thus far sent 13,816 certification notices to those claimants and has received 5,380 certification forms in response.
- Baker Botts continues to draft and submit Monthly Reports to the Court regarding
 the claims process and to monitor and oversee the claims process and fees and
 expenses related thereto.
